The Upper Perkiomen Valley is fortunate to be served by six dedicated volunteer fire companies. Each of these companies maintains active firefighters and fire police members who assist in fundraising and community events. These volunteers demonstrate unwavering commitment by leaving their homes and workplaces to respond to fires, rescues and storm-related emergencies.

They work together in a collegial and organized manner, undergoing periodic fire and rescue training sessions and providing mutual aid to surrounding fire companies. To sustain their operations, the fire companies rely heavily on donations from governments, businesses, and residents. Fundraising events play a crucial role, and the companies welcome social members and community volunteers who are interested in contributing to these efforts. By supporting these volunteers, we not only alleviate the strain on firefighting resources but also ensure the continued safety and well-being of our communities.

# Parks & Recreation

Livable communities are defined by their appeal, which is enhanced by parks and recreation services. These amenities contribute to a high quality of life, complementing the pursuit of healthy living goals. Parks support active lifestyles and serve as gathering places for families, social groups and individuals of all ages and economic backgrounds.

In the beautiful region of southeastern Pennsylvania, characterized by rolling hills, meandering streams and diverse wildlife, endless adventures await. From hiking and biking to fishing and birdwatching, there's something for everyone.

Our region boasts pavilions and picnic areas ideal for family reunions, birthday parties, and friendly gatherings. Preserved open spaces, golf courses, active sports fields and a state-of-the-art YMCA with four pools offer year-round opportunities for fun and fitness.

Nestled along the southwestern boundary lies the Montgomery County Parks and heritage sites, spanning 3000 acres of unspoiled beauty, this park offers a plethora of activities including hiking, biking, horseback riding, picnicking, wildlife watching, tennis, volleyball, horseshoes, boating, paddle boarding, fishing and a disc golf course.

Our recreation and park facilities play a vital role in promoting social bonds by uniting families and friends, fostering stewardship and creating cherished memories within our close-knit community.

# Parks & Recreation

Thanks to a grant from the Department of Conservation and Natural Resources, Montgomery County has been planning the future of Green Lane Park for the next 15 to 20 years. Multiple meetings with the public, educators, environmentalists, local business owners and recreation professionals to come up with a Master Site Plan to shape Green Lane Park for years to come. The main focus will be on stewardship. We will be looking to start numerous programs to ensure the beautification of the park for years to come. Invasive plant control, bird and wildlife preservation programs, natural resource management, and education will be among our top priorities. Green Lane Park will also be looking into

improving our maintenance facilities, enhancing our trail system with the addition of new trails, and the possibility of a nature/visitor center. Thanks to the engineering firm of Simone/Collins the plan will be wrapping up in April of 2024 and we will immediately start to implement the plan. Please take a look at the Master Site Plan on our website [www.montgomerycountypa.gov](http://www.montgomerycountypa.gov).
